

Clicar no botão Nova Rede

The screenshot shows the 'Redes' (Networks) section of the BIREME Accounts interface. At the top, there's a navigation bar with links for Painel de Controle, Usuários, Redes, Serviços, Papéis, Administrador Django, and a language switcher for Português. Below the navigation is a breadcrumb trail: Home / Redes. The main area has a title 'Redes' with a small icon and a 'Nova Rede' button in a blue box with white text, which is outlined in red. There's also a search bar labeled 'Busca' with a magnifying glass icon. The table below lists ten networks, each with a number, name, coordinator center, and edit/delete actions.
